WELCOME MESSAGE

It is my great pleasure and honor to extend this warm invitation to you to participate in the 19th Congress of PENSA (Parenteral and Enteral Nutrition Society of Asia), in conjunction with the 17th Annual Congress of KSPEN, to be held June 13-16, 2018, in Seoul, Korea.

This exciting congress will bring together physicians, dietitians, pharmacists, nutritionists, scientists and nurses involved in the field of nutrition and metabolism for an exchange on the latest advances and practices happening within the parenteral and enteral nutrition research and clinical community.

Through state-of-the-art sessions, keynote lectures and joint sessions with related societies including oral and poster presentations, the congress will have a special focus on Parenteral and Enteral nutrition, globalization and exploring new worlds in basic and clinical research, and new proposals to reduce inequities in access to healthcare.

I am proud to host the upcoming 19th Congress of PENSA in Seoul, the capital of Korea. Bringing together the past, present and future, Seoul offers a deep historical and cultural heritage as well as all the conveniences and world-class facilities of an international metropolis. I encourage you to take in the energy and enjoy the attractions of Seoul during your stay.

I look forward to personally welcoming each and every one of you to PENSA 2018 from all corners of the world, from Asia and beyond.

Sincerely yours,

Ho-Seong Han

Ho-Seong Han, MD, PhD
President of PENSA 2018
